[1] The Alberta Energy Regulator (AER) has discontinued the regulatory appeal because the request for the regulatory appeal has been withdrawn.

**Discussion**

[2] Donald Gano and 852830 Alberta Ltd. submitted a request for a regulatory appeal of AltaGas Ltd.'s application to construct and operate a new B020 sweet gas battery with 0 per cent hydrogen sulphide. There are four gas compressors, four electric compressors, storage tanks, pumps, coolers, and heaters on site. The AER approved the request on September 19, 2019.

[3] The AER was scheduled to hold a public hearing in Calgary, Alberta, on March 4, 2020, before hearing commissioners C. A. Low (presiding), C. L. F. Chiasson, and E. McNaughtan.

[4] On February 24, 2020, Mr. Gano withdrew the request for a regulatory appeal. The AER has therefore discontinued the regulatory appeal, as required under section 32.4 of the *Alberta Energy Regulator Rules of Practice*.

[5] Accordingly, the public hearing was cancelled.
