Andrew Scott
O'Chiese First Nation**APPLICATIONS No. 1835552, 1835553 FROM SHELL CANADA LIMITED
STATEMENT OF CONCERN NO. 29933**

Dear Mr. Scott:

You are receiving this letter because you filed a statement of concern (SoC) on the Applications listed above on behalf of the Chief and Council of the O'Chiese First Nation (OCFN). The Alberta Energy Regulator (AER) has reviewed OCFN's statement of concern, along with the application, the applicable requirements, and other submissions or information about the application and has decided that a hearing is not required under an enactment or otherwise necessary to consider the concerns outlined in OCFN's statement of concern.

In its review of OCFN's concerns, the AER considered the following:

- OCFN's reserve boundaries are located approximately 24 km NNW from the proposed project.
- OCFN's concerns are of a general nature and the information provided by OCFN does not establish a sufficient degree of location or connection between the Application and impacts on its Treaty and Aboriginal rights. Accordingly, OCFN has not demonstrated that it may be directly and adversely affected by the Applications.

The AER has issued the applied-for licences and this is your notice of that decision. Copies of the licences are attached. Under the *Responsible Energy Development Act* an eligible person may file a request for a regulatory appeal on an appealable decision. Eligible persons and appealable decisions are defined in section 36 of the *Responsible Energy Development Act* and section 3.1 of the *Responsible Energy Development Act General Regulation*. If you wish to file a request for regulatory appeal, you must submit your request in the form and manner and within the timeframe required

by the AER. You can find filing requirements and forms on the AER website www.aer.ca under Applications & Notices: Appeals.
