**RE: TransCanada Pipelines Limited (TransCanada)  
White Spruce Pipeline Project  
Proceeding ID 353**

Dear Counsel,

The panel confirms that the evidentiary portion of this proceeding is closed subject to receiving the Aboriginal Consultation Office's (ACO) report or confirmation that no report will be issued.

The panel further confirms that it will schedule oral final arguments to be held within approximately a week after receiving the ACO report.

Given that the panel requires oral final arguments in this proceeding, it has instructed AER counsel to contact counsel for the parties in the next few days to discuss logistics regarding same.

Sincerely,

Robert J. Mueller
