**Attention: Norine Saddleback****Re: Tsuut'ina Nation extension request**

On March 16, 2018, the AER issued a notice of hearing of the above proceeding which explained how to file a request to participate in the hearing and set a filing deadline of March 29, 2018. The applicant response deadline was April 5, 2018. The AER received correspondence from the Tsuut'ina Nation on April 4, 2018 requesting additional time to file a written request to participate and a statement of concern for this proceeding. After reviewing that letter and the response provided by Bearspaw Petroleum Ltd., the panel decided that the Tsuut'ina Nation would be granted the requested extension and we communicated the following deadlines.

- **Monday, April 16 (noon)** - Tsuut'ina Nation request to participate
- **Friday, April 20 (noon)** - Bearspaw, Harvest et al response

According to the AER's *Rules of Practice* section 9(1) A person who wishes to participate in a hearing on an application shall file with the Regulator a request to participate and serve a copy on the applicant within the time set out in the notice of hearing. As of April 17, 2018, the AER has not received a filed written request to participate or a statement of concern from Tsuut'ina Nation regarding this proceeding. Therefore, the panel of hearing commissioners (the panel) has asked me to inform Tsuut'ina Nation that they will not be granted participation in the hearing.

Please note that AER hearings are open to the public, and Tsuut'ina Nation is welcome to attend and observe the hearing. Members of public who attend the AER hearings are required to comply with the AER's directions that apply to observers. The hearing will also be audio webcast at [www.meetview.com/aer](http://www.meetview.com/aer).
