Re: Proceeding ID 355
Canadian Natural Resources Limited
LSD 15-18-63-03W4M

Dear Ms. Naubert,

Further to the above captioned, the hearing panel has asked me to communicate its decision on your request for an extension to the October 17th deadline to file requests to participate in the hearing.

Given that you and Clinton Trotter have interests in the land upon which CNRL's proposed project may be located, the panel has decided that you and Mr. Trotter will be registered as participants in the hearing and it is therefore not necessary for you or Mr. Trotter to file requests to participate in the hearing.

However, with one exception, none of the other people you have referred to in your extension request have contacted the AER to indicate that they wish to participate in the hearing, or requested an extension to the deadline for filing a request to participate. Nor have they indicated you have authority to represent them. Given that these individuals have been made aware of the hearing, they may still file a request to participate before October 17th, or alternatively, ask the AER directly for an extension to the deadline to file requests to participate if they intend to participate. The panel will deal with these requests on a case by case basis.

For the reasons above, the panel has waived the requirement for you and Mr. Trotter to file a request to participate, grants you both full participatory rights in the hearing, and denies your request to extend by 30 days the October 17th deadline for filing requests to participate in the hearing.

Please contact me if you have any further questions.

Sincerely,

Greg McLean
