APPLICATION No. 1894935 from SemCAMS ULC

TRACKING NO. 31049

Dear Edward & Eveline Grams:

The Alberta Energy Regulator (AER) acknowledges receipt of your letter dated January 30, 2018, received February 14, 2018, in which you outlined concerns about the subject application. Your letter has been received after the deadline of August 31, 2017 for filing a statement of concern (SOC). The *Responsible Energy Development Act* and the *AER Rules of Practice* require you to file a SOC within the deadline set out in the notice of application, unless the AER permits you to file the SOC late.

The AER has decided not to permit your late filing based on the following reasons:

- The deadline to file an SOC for the subject application was August 31, 2017, at 4:00 PM. Your SOC was dated January 30, 2018 and received by the AER on February 14, 2018; over 150 days past the deadline for filing.
- No request for an extension to file a SOC was received prior to the deadline.
- In determining whether or not to permit a late filed SOC, the AER must balance fairness between the parties, recognizing the interests that are involved. This is a balance between making timely decisions for applicants and allowing concerned parties the opportunity to participate in the regulatory process.
- You did not respond to the AER correspondence dated March 12, 2018, requesting additional information as to why your submission was late.

If you have any questions, contact Lynn Maric at 403-297-5292 or e-mail

Lynn.Maric@aer.ca .

Sincerely,

<Original Signed By>
