Dear Mr. Cameron:

**Re: SemCAMS ULC**  
**Applications 1894935 and 001-00402373**

Thank you for your response to our letter dated October 10, 2018 regarding the access route and conditional withdrawal of statement of concern and confirmation of non-objection from the Siekers. The panel reviewed your response dated October 12, 2018 and has advised that your response sufficiently addresses the panel's question about the access route for the pipestone project. The hearing panel also received written notices from filers withdrawing the remaining statements of concern filed in this proceeding.

Given that there are no outstanding statements of concern or issues before the hearing panel, the Alberta Energy Regulator (AER) has determined that a hearing of the applications is no longer required and directs authorized staff to disposition applications **1894935 and 001-00402373**.

Sincerely,

Tammy Turner
