Re: Sitka Bonavista Reconsideration 1916224  
Information about the Prehearing Meeting Format

Dear Sirs:

The panel of Alberta Energy Regulator (AER) hearing commissioners assigned to this matter (the panel) has asked that I communicate to you the following with respect to the prehearing meeting.

Further to the panel's letter dated March 20, 2020, and in an effort to move this proceeding forward amidst the evolving COVID-19 health emergency, the panel has investigated technology options for holding the prehearing meeting. The panel is of the opinion that available technology options require further assessment and refinement before the panel can be confident that they are able to provide a quality and technologically secure format for all of the parties. Given the purpose of the prehearing meeting as described in the panel's letter dated January 14, 2020 (attached), the panel has decided that the prehearing meeting will be carried out as a written process based on the prehearing submissions already filed.

Further details as to this written process and the timing of same will be forthcoming shortly.

If you have any questions, please contact me at [hearing.services@aer.ca](mailto:hearing.services@ aer.ca).

Sincerely,

*Tammy Turner*
