INFRASTRUCTURE APPLICATION FOR PROPOSED MULTIWELL PAD AND
BATTERY
APPLICATION NOS. 1919206, 1919208, 1919209
LOCATION: 33-063-05W4M**

Dear Leonard and Debbie Slipchuk:

Thank you for your correspondence dated March 25, 2019, in which you outlined concerns about CNRL's multiwell bitumen pad site and battery. The deadline to file concerns was March 24, 2019 at 4:00 PM; your correspondence was received after the deadline for filing a statement of concern (SOC).

In accordance with the *Responsible Energy Development Act* and the *AER Rules of Practice* (Rules), the AER posts public notice for all application submissions on our website, and requires SOC's be filed within the deadline set out in the notice of application. The AER has determined your statement of concern was not submitted within the time limit specified in section 5.3(a) of the Rules. Section 45 of the Rules provides that no party may file a SOC after the filing time limit has elapsed. As such, your SOC will not be considered further and will not be registered.

If you have any questions, contact me at 403-297-3431 or email soc@aer.ca.

Sincerely,
