**Re: Regulatory Appeal 1920886  
Reclamation Certificate No. 151150**

Dear Sirs and Madame,

I am writing to you on behalf of the Alberta Energy Regulator (AER) hearing panel assigned to proceeding 383. On July 25, the hearing panel issued a letter to parties and asked for their views on a hearing date, location and site visit. The letter set a deadline for August 8 for responses.

**Hearing Date:**

The panel has decided to hold the hearing on January 21, 2020 in Lethbridge, with the following schedule for hearing submissions.

|                                |                   |
|--------------------------------|-------------------|
| Mr. Hillmer Hearing Submission | October 15, 2019  |
| Shell Hearing Submission       | November 12, 2019 |
| RPG Hearing Submission         | December 10, 2019 |
| Mr. Hillmer Reply Submission   | January 9, 2020   |
| Deadline for motions           | January 15, 2020  |
| Hearing start date             | January 21, 2020  |

In correspondence dated July 30, Mr. Maxwell stated that he would be out of the country from October 2 to December 15, 2019 and would not be available for a hearing during that time.

In an e-mail from Shell Canada Limited (Shell) on July 31, Shell expressed that their timing is flexible and would await suggested dates from the AER.

In previous correspondence from July 15, the AER's Reclamation Programs Group (RPG) indicated that it does not intend to participate in or provide oral submission at the hearing at this time. The letter also notes that RPG may file a written submission depending on the nature and content of Mr. Hillmer's and Shell's submissions.

**Site Visit**

The panel has considered a visit to the site as part of this process and determined that a site visit will not be completed.

Sincerely,

Elaine Arruda  
Hearing Coordinator, Hearing Services
