**RE: Shell Canada Limited’s (Shell) applications to transfer all AER licences, approvals and dispositions in the Caroline, Jumping Pound, and Waterton operating areas to Pieridae Alberta Production Ltd. (PAPL)
Request for Adjournment**

Dear Counsel:

I am writing on behalf of the panel of hearing commissioners presiding over proceeding 410 (the panel). The panel has received your letter of July 15, 2021, sent on behalf of Shell requesting that proceeding 410 be put in abeyance, “to allow Shell and PAPL time to better understand the potential implications of Pieridae Energy Limited’s recent announcements.” Shell submitted that PAPL agrees with the request for adjournment and that Shell will work with PAPL to provide an update to the panel by September 30, 2021. PAPL sent correspondence to the panel July 16, 2021, confirming its agreement with the request.

After reviewing the parties’ submissions, the panel has decided to grant Shell’s request.

The proceeding will be adjourned until September 30, 2021, and a notice of adjournment will be issued. Please note that the current process is suspended and all deadlines for filing a request to participate, applicants’ responses to such requests and confirmation of participation, as set in the notice of hearing dated July 14, 2021, are no longer applicable. Once the hearing process resumes, all statement of concern filers will be notified, and an updated notice of hearing will be issued with new submission dates for proceeding 410.

The panel requires Shell and PAPL to provide an update by **4:00pm on September 30, 2021, to hearing.services@aer.ca.**
