**Statement of Concern Submission Deadline Extension Request- Not Permitted
Tidewater Pipestone Infrastructure Corp.
Application No. 1932929**

The Alberta Energy Regulator (AER) acknowledges receipt of your correspondence requesting the deadline for the submission of a statement of concern (SOC) be extended pertaining to the application No. 1932929.

The AER is denying your extension request based on the following reasons:

- a) The extension request was submitted on May 14, 2021; the PNoA deadline is 4:00pm on May 30, 2021. Given that there is still two weeks to submit an SOC against the subject application, the AER has decided not to grant your extension request.
- b) If you still wish to submit your SOC please submit by the PNoA expiry date, May 30, 2021.
- c) The deadline to file an SOC identified in the PNoA is established to create efficiencies and to allow the AER to make decisions in a timely manner.

In accordance with the *Responsible Energy Development Act* and the *AER Rules of Practice*, the AER posts public notice for all application submissions on our website, and requires SOC's be filed within the deadline set out in the notice of application.

Should you have any questions please email SOC@aer.ca.

Sincerely,

<Original Signed by>

Lane Peterson, Director
