Dear Parties:

I am writing to you on behalf of the panel for Alberta Energy Regulator (AER) proceeding 425.

On November 28, 2023, the panel set a new submission schedule and proposed new hearing dates in 2024.

On December 4, 2023, in response to the letter from the panel, CLM indicated it is available for a hearing the weeks of May 7, June 3 and June 10, 2024. CLM noted that its preference would be to have the hearing the week of May 7.

In correspondence dated December 5, 2023, Long Run indicated due to the availability of its witnesses, it can only be available for the hearing, the week of June 10, 2024.

The panel has determined that the hearing will start on June 11, 2024. The panel previously decided that the hearing will be held in Calgary at AER's Govier Hall. A notice of scheduling will be issued in due course.

Sincerely,

Elaine Arruda
