Dear Counsel:

I am writing on behalf of the Alberta Energy Regulator (AER) panel of hearing commissioners presiding over this proceeding (the panel).

On September 5, 2024, the panel issued a letter to the parties requesting comments on the parties' availability for a hearing and an estimate on time necessary to determine an agreed statement of facts if more than 30 days would be required.

HEARING DATES AND SCHEDULE

In its submission dated September 9, 2024, Tidewater indicated that it would be available for a hearing the first two weeks of February 2025 and, in the alternative, the weeks of March 10 and 17, 2025. In regard to the determination of agreed statement of facts, Tidewater stated that it does not have any concerns with the 30-day timeline.

In its submission dated September 12, 2024, MAGA indicated that it would be able to attend the hearing anytime in the month of March 2025. In regard to the determination of agreed statement of facts, MAGA stated it expects that the parties will not need more than 30 days.

The panel has taken into consideration the parties' views, as well as other hearing commitments, and decided that the hearing will take place between March 11 – 14, 2025.

The schedule for the proceeding is as follows:
