Abeyance request**

Dear Parties:

I am writing to you on behalf of the Alberta Energy Regulator (AER) panel of hearing commissioners presiding over this proceeding (the panel).

The panel has considered Mr. Wright's email of December 21, 2022, requesting an abeyance in proceeding 420, and Concourse Petroleum Inc.'s email of January 5, 2023, advising that it supports Mr. Wright's abeyance request. Given that Mr. Wright and Concourse are in agreement, the panel will grant the request for abeyance of the hearing process while parties participate in ADR.

The panel requests that all parties provide an update with respect to the status of ADR by, at the latest, **March 22, 2023**. A decision about a further abeyance of the hearing process will be made at that time.

Sincerely,

Tara Wheaton
