Proceeding 461
April 29, 2026

To: Laura-Marie Berg
For: Renergy Petroleum (Canada) Co Ltd. (Renergy)

To: Bronwhyn Simmons and Simone Tielesh
For: Alberta Energy Regulator – Regulatory Compliance Branch

[By email only]

Re: Regulatory Appeal by Renergy of the May 6, 2025, decision of the AER's Regulatory Compliance Branch, to issue an Abandonment and Reclamation Order to Renergy under sections 22 and 27 of *the Oil and Gas Conservation Act*, section 23 of the *Pipeline Act*, and sections 140 and 241 of the *Environmental Protection and Enhancement Act*.
Renergy Second Request for Confidentiality

Dear Counsel:

We are the Alberta Energy Regulator (AER) panel of hearing commissioners presiding over proceeding 461.

On March 30, 2026, we granted Renergy's request for confidentiality over certain portions of its evidentiary filing, in the absence of any objection from Regulatory Compliance. The decision was based on Renergy's submission that the information is commercial in nature and that its disclosure could result in undue financial loss or gain to Renergy and a third party.

On April 28, 2026, Renergy filed an additional request for confidentiality in relation to submissions of the same date, which update the same commercial information covered by the panel's earlier decision.

As the April 28, 2026, request concerns the same information, the panel extends its March 30, 2026, confidentiality determination to the April 28, 2026, submissions on the same basis, subject to any objection from Regulatory Compliance received by **April 30, 2026, at 4:00 p.m.**

For clarity, confidentiality is granted on the basis that the redacted material includes the identities of other operators and specific details of ongoing negotiations. The mere existence of negotiations between Renergy and one or more third parties is not the basis for granting or extending Renergy's confidentiality requests.

Sincerely,

Brian Zaitlin
Hearing Commissioner
(Presiding)

Jillian Campbell
Hearing Commissioner

Shona Mackenzie
Hearing Commissioner
