

Submit a Pipeline Notification – New Line Construction

» Intended User: Industry

Overview

This guide outlines the steps to enter a pipeline notification for new line construction into OneStop.

What's changed?

Notifications for pipeline construction activities, including new line construction, are to be submitted to the AER through OneStop instead of the Digital Data Submission (DDS) system.

What's new?

You will be asked to provide the following information:

- Does the operation involve pipeline drilling or boring? (Yes or No)
- Is the activity on public land? (If yes, the applicable public land disposition number will need to be entered.)

Note: Refer to *Bulletin 2018-05: Tour Reports and Some Notifications Moving to OneStop*.

6. Log in to OneStop using your DDS system username and password.

7. Click **I Agree** to accept the disclaimer. You *must* accept it to proceed.

Log In to OneStop

1. Open the AER website: <http://aer.ca>.

2. Select **Systems & Tools**.

3. Click **OneStop: Application Tool** to open the panel.

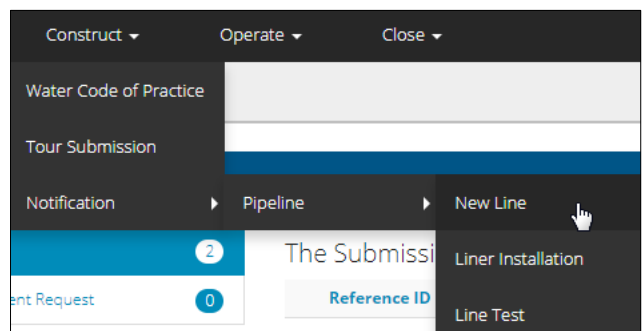

4. Select the **Access the OneStop Application Tool** hyperlink.

A new tab opens to the OneStop page.

5. Click **ONESTOP APPLICATION TOOL**.

Pipeline Notification – New Construction

1. From the **Construct** drop-down menu, select **Notification > Pipeline > New Line**.

The **Pipeline Notification** window opens.

2. In the **Pipeline – New Construction** panel, click **Find** to find the authorization number the notification is for.

The **Search By Authorization** dialog box appears.

3. Set criteria to find the authorization number using either of the following:

a) Authorization Number

b) Location

4. Click **Search**.

The search results appear.

If the required authorization is not listed in the search results, click **Reset** to start a new search.

5. In the **Search Results**, select the radial button for the required authorization number.

6. Click **Add**.

The **Search By Authorization** dialog box closes.

7. Select whether the operation involves pipeline drilling or boring.

8. Select whether the activity is on public land.

If **No**, continue to the **General Information** panel.

Pipeline - New Construction

Authorization Number

Does operation involve pipeline drilling or boring? Yes No

Is this activity on public lands? Yes No

If **Yes**, additional public land fields appear.

Is this activity on public lands? Yes No

Public Land Disposition Number

Site Entry Number

9. In the **Public Land Disposition Number** field, enter the public land disposition number.

Public Land Disposition Number

10. Click **Search**.

The site entry number automatically populates the **Site Entry Number** field.

Site Entry Number

General Information and Comments

The **General Information** panel automatically populates with details about the authorization.
