WHAT'S NEW IN ONESTOP

"What's New in OneStop" provides users with updates on new functionality, enhancements, and major fixes that have been made in the latest OneStop software release.

What's an enhancement?

An enhancement is any change made in the software application that improves OneStop's performance.

What's a major fix?

A major fix is any repair made in the software application that restores OneStop's core functionality.

Note: Updates to regulatory instruments will be made in the near future where required for consistency with OneStop enhancements.

Module	New 💡	Enhanced ⚙	Fixed 🛠
General/Enterprise	N/A	N/A	✓ Supplemental information requests no longer accept attachments that exceed the maximum file size limit (100 MB). An error message will appear when an attachment exceeds the file size limit. ✓ When using default print (Ctrl + p) function, all fields now correctly display button selections.
Lands		✓ Grizzly Bear spatial layers and *Master Schedule of Standards and Conditions* (*MSSC*) clauses updated to align with policy.	✓ Fixed resource risk ranking for wellsite purposes and activities.

Module	New 💡	Enhanced ⚙	Fixed 🛠
